Dear Participants,

We welcome you to Greece and hope you enjoy a wonderful and unforgettable rally experience. On behalf of the TRISKELION and ELIA Clubs and the Hellenic Federation of Historic Vehicles (FH FILPA), we would like to inform you that we have done everything in our power to make sure you stay safe during your stay in Greece. Your health is our absolute priority.

On May 14, Greece opened its borders in a safe and attainable manner.

We provide a step-by-step guide on how to prepare before travelling to Greece . These guidelines are in place to ensure the protection of your health, as well as the health of your loved ones and all those involved in offering you a safe hospitality experience:

- Travelers arriving in Greece are required to have either a negative PCR certificate from a testing laboratory, for a Covid-19 test taken no later than 72 hours before arrival. This test is mandatory for all tourists (including children over the age of 12), regardless of the epidemiological situation in the country of departure.
- Proof of a negative test is not required however for all travelers that have completed their vaccination (i.e., 14 days have elapsed since the last vaccination, depending on the doses required) and hold a vaccination certificate.

Acceptable vaccines are: *Pfizer BioNtech, Moderna, Astra Zeneca/Oxford, Novavax, Johnson + Johnson/Janssen, Sinovac Biotech, Gamaleya (Sputnik), Cansino Biologics, Sinopharm* among others.

- Proof of a negative PCR test is not required if the traveler was tested positive with COVID-19 in the past 30 to 180 days. This can be proved either by presenting a positive PCR molecular or an antigen test result performed by an authorized laboratory or a medical certificate confirming that the holder was tested positive with SARS-CoV-2 virus infection. The certificate is issued 30 days after the day of the first positive COVID-19 test and is valid for 180 days after it.

- Every traveler who arrives in Greece, regardless of the certificate in their possession, may undergo a random health screening. If you are selected, please keep in mind that the screening is mandatory. In case of refusal, authorities reserve the right to refuse entry into the country. The selection is made through a targeted sampling system "EVA" used also in the summer of 2020.

REQUIREMENTS FOR VISITORS

Before arrival:

- Tourists must fill in the Passenger Locator Form (**PLF**) before arriving in Greece. For more information, please click [here](#).

Prior to departure, all travelers must ensure that they carry an acceptable form of certification of their health condition. Acceptable documents include:

- A negative PCR molecular test result from a laboratory; the test must be taken up to 72 hours before entry.
- A vaccination certificate issued by a certified authority.
- A certificate of recovery from the SARS-CoV-2 virus infection issued by a public authority or a certified laboratory. The certificate is issued 30 days after the day of the first positive COVID-19 test and is valid for 180 days after it.
- Proof that the traveler was tested positive with COVID-19 in the past 30 to 180 days. This can be proved either by presenting a positive PCR molecular or an antigen test result performed by an authorized laboratory or a medical certificate confirming that the holder was tested positive with SARS-CoV-2 virus infection.

All certificates must include the critical information (i.e. number of doses and their respective dates) in English, German French, Italian, Spanish, Russian and the person's full name must match the name on the passport or any other recognized travel document.

The EU Digital COVID Certificate Regulation entered into application on 01 July 2021. EU citizens and residents will now be able to have their Digital COVID Certificates issued and verified across the EU.

Compliance with the health protocols during transport and throughout your entire stay in Greece is the key factor that will allow all of us to stay safe and return to normality.

We appreciate your understanding and apologize in advance for any additional inconvenience.

We extend a warm thank you for the cooperation, and for choosing our organization.

We look forward to welcoming you to Greece.
