Dear Friends,

You are now part of the great event called Tour du Péloponnèse! The Tour du Péloponnèse was an idea we had for a long time. This is the revival of a famous car race of the '30s, but this time we have combined the classic and vintage cars with the beauty of the Peloponnesian landscape. It took us a long time and we had to make many thousands of kilometers to decide on the final routes. We are certain that the Tour du Péloponnèse is the start of a new era in classic car events in Greece.

Accommodation & Meals:

- For your accommodation we have chosen 4 or 5 star hotels and traditional boutique hotels, as we want to offer a high level of service and emphasize the uniqueness of each region. Breakfast and dinner/lunches per day are included in the package (as mentioned on the Itinerary).

Supporting Services:

- TdP Mechanics specialists will be accompanying the group of participating vehicles throughout the tour to assist in case of any mechanic breakdowns. Tow trucks will be at the beginning, regrouping and end of each day.
- Cars will be parked in secured areas or inside the hotel premises.
- The event is taking place under the auspices of the Hellenic Federation. Third Party Insurance of the crews is covered by the insurance policy of the Federation

General Guidelines:

- Please pay attention to the instructions of the Roadbook. In case you are lost or uncertain of your whereabouts, go back to the last scheme on the Roadbook and simply wait for the next crew, or try again. The times given are quite slow and the map included in the Roadbook will also be of great assistance to you.
- The members of the organizing committee will be wearing orange vests; so they will be easily identified. Moreover, you can find their telephone numbers and photographs in the last pages of the Roadbook (Appendix 1).

- Please pay attention to the calibration page which is included in our website and the first pages of the Roadbook.
